

# GE-8 EV669

## 18-CURTAIN CEILING MOUNT DETECTOR, 360 DEGREE 2

- 360° Range
- Comprehensive short-range detection
- Range of 20 m (diameter)
- 2 pyroelectric sensors; 2 mirrors; 2 ASIC
- 18 unique focal length movement curtains
- Precision mirror optics
- Last generation '4D' signal processing with increased environmental stability and improved detection capacity
- Electronic Range Selection
- Standard alarm memory
- Selectable control logic for alarm memory and detection test LED
- Laboratory certification EN50131 grade 2

### KEY FEATURES

- 18-Curtain Ceiling Mount Detector, 360 Degree 2
