

IR SPOTLIGHT, 12 LED UP TO 50M RANGE, VANDAL PROTECTION, 60°

### KEY FEATURES

- IR spotlight, 12 LED up to 50m range, vandal protection, 60°
- IP66, IK10

### FEATURES

- Robust construction for outdoor
- Manual adjustment of power and sensitivity of the light sensor
- The aluminum housing grants high thermal conductivity to improve the property of heat dispersion
- Includes adjustable lyre support
- Anti-vandalism polycarbonate panel
- Ideal for security in ports, rail systems, borders, prisons, etc.
- Range: Up to 50 meters
- Opening: 60 °
- LEDs: 12 high power IR leds
- Wavelength: 850nm
- Automatic day / night switching
- Power: 12V DC
- Consumption: 1500 mA (adjustable)
- Operating temperature: -30 ° C ~ + 50 ° C
- Installation environment: Outdoor / Indoor
- Degree of protection IP66
- IK10 vandal protection
- Dimensions: 151 x 96 x 60 mm
- Weight: 820 g
